

How StrataPress Works.

StrataPress automates document requests from real estate professionals involved in the sale or purchase of a strata lot. We calculate costs and collect payment for all strata documents and send 100% of the revenue to the Property Manager at the end of every month. **How is StrataPress free?** We charge the requestor a nominal access fee for each order.

Learn more at www.StrataPress.com

Property Managers can upload and manage strata documents online, or use our convenient desktop application to manage strata documents from a folder on your desktop. Complete Form B and Form F requests paperlessly, online.

Strata Council & Owners access strata documents online anytime 24/7-365 through a dedicated strata website. This website is an effective communication platform for everyone involved in a strata.

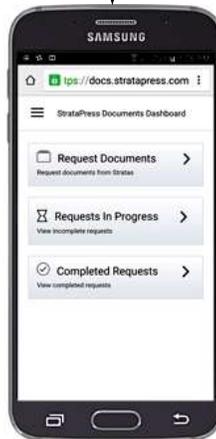

Real Estate Professionals access strata documents & download them electronically from a laptop or mobile device.

** Strata websites are optional and not required for document sales.*

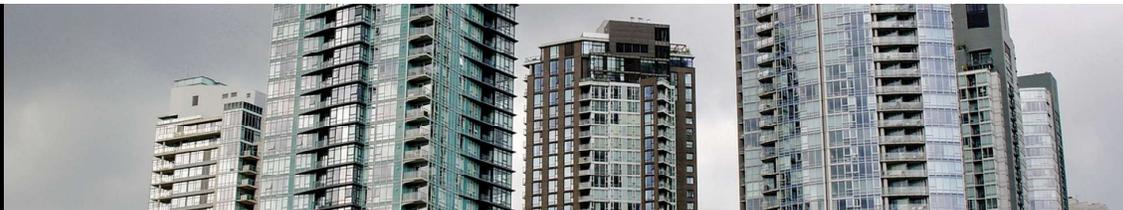

Electronic Documents
\$0.25 per page
Form B \$35.00
Form F \$15.00

A simple zero-cost solution for archiving, managing and selling strata documents online.

Property Managers set their own rush fees for Form B & Form F turnaround times.

Automate Strata Document Requests

Upload strata documents ONCE and automate strata document requests. No action required when a request for strata documents is made. Paperless Form B and Form F requests completed online in minutes. Get 100% of the revenues generated from the sale of your strata documents, every month.

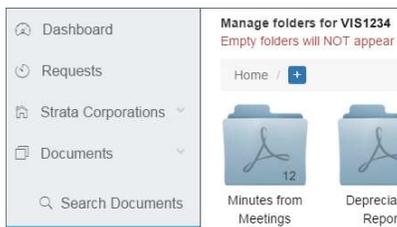

Save Time & Money

REALTORS® who require strata documents can search, purchase and download strata documents without any administrative action required from the strata manager. Form B and Form F certificates are also available, in as little as 24hrs. The property manager receives 100% of the fees collected for the requested strata documents.

Form B & Form F Certificates

Complete Form B & Form F requests online, paperlessly. Save time and administrative costs with this convenient option. Once completed, all parties get notified that the document is available to be download electronically. Generate and download PDF copies for your own records.

Manage Documents Online

Each new strata property is given a default set of folders so you can start uploading strata documents right away. Create new folders, set permissions, move folders or delete them, it's easy to upload and manage documents with StrataPress.

Desktop Client

Our desktop application creates a folder on your computer that works just like any other folder. Changes you make to files in the StrataPress desktop client folder automatically sync to StrataPress.com. Manage files on your own server – it doesn't get any easier!

Rush Orders

Strata Managers are notified when a Form B or Form F request has been placed. Set rush fees for quick 24 hr, 48 hr or 72 hr delivery. All requests are color coded and in priority sequence on your admin dashboard. Schedule completed certificates to be delivered immediately or have them delivered when they are due.
